

RING 2 TEAMS

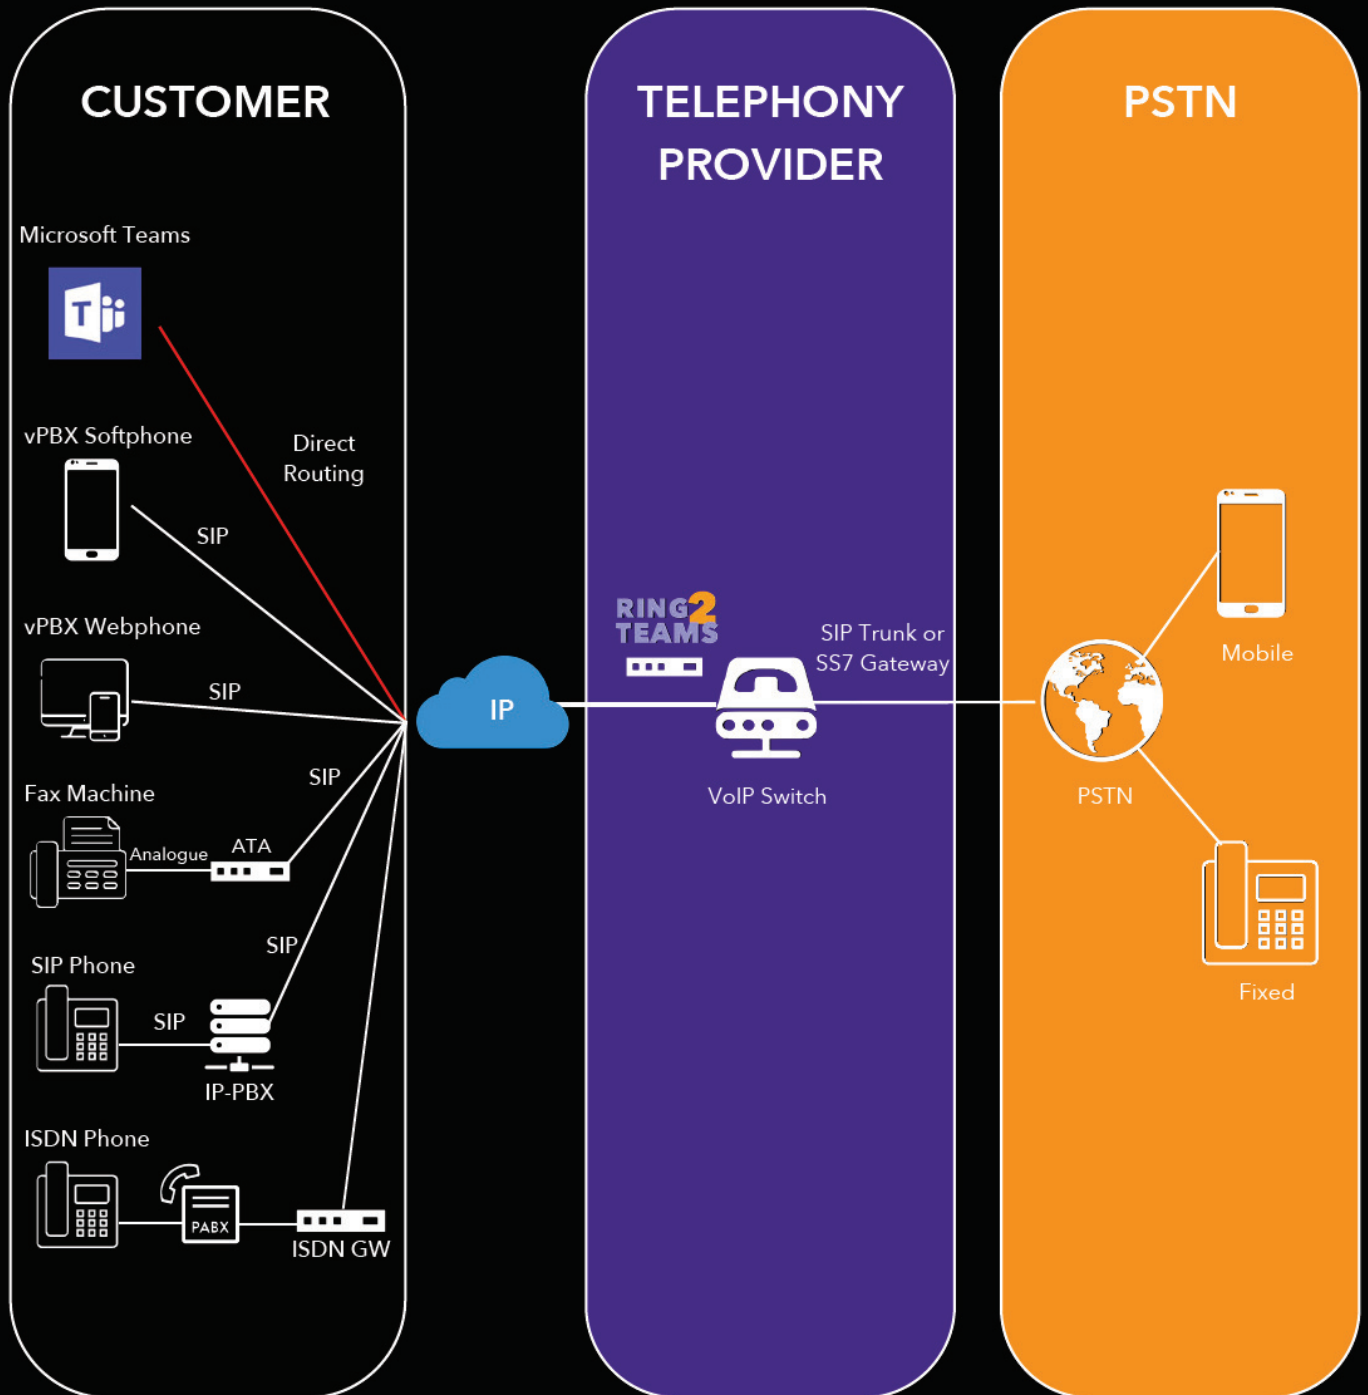

Direct Routing, the latest feature launched by Microsoft which allows customers to bring their own telecom services into Microsoft Cloud for Microsoft Phone System in Teams.

BENEFITS OF RING2TEAMS

- For customers that want to make and receive calls using Malaysia number via Microsoft Teams.
- For customers that want to maintain their existing telco contract
- For interoperability with 3rd party systems (e.g. existing PBXs during migration)
- To connect analog devices into Microsoft Teams (e.g. fax, paging systems, elevator phones)
- When broader coverage than Microsoft Calling Plans is needed (such as INVITE Communications)
- More flexible billing options

HOW RING2TEAMS WORK

HOW TO GET STARTED

01

Choose Your Desired Package

Package selection is dependent upon the number of users.

We have 3 main packages catering up to maximum 300 users.

Kindly contact us if you need assistance in choosing the best package for your business.

02

Subscribe to INVITE SIP Trunk

INVITE SIP Trunk brings next generation IP-based local and long distance calls directly to an office's existing phone system saving companies time and replacement cost.

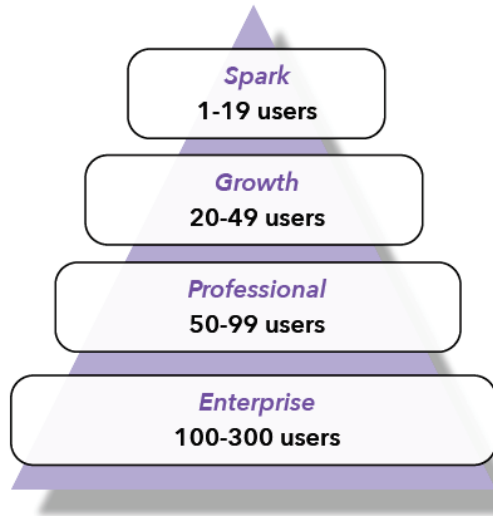

03

Start Using!

Make your payment to enjoy an easier, faster & better way to receive and make calls via Teams!

MUST KNOW FACTS ABOUT RING2TEAMS

SETUP

Price quoted are in MYR and per month per user. However, minimum 12 months subscription fees will be charged upfront.

IP HARDWARE

No setup, hardware and IT costs required. IP Phones, gateways and other end devices are optional and can be purchased separately. Installation charges of devices are not included.

ACTIVATION FEE

A one-time activation fee per user account will be charged. Activation requires 3 business days.

SIP TRUNK

RING2TEAMS does not come with Calling Plans/ SIP Trunking services. To obtain full enterprise calling experience, you need to subscribe to INVITE's SIP Trunking services.

TERMS

100% before activation.

RENEWAL

Customers will be notified 60 days in advance. To ensure no interruption of services, renewal should be done before the expiry date as there will be no grace period.

UPGRADE

Upgrade of plan requires minimum 7 business days' notice and is subjected to one-time activation fee per user account.

GENERAL

Price, model and part numbers are subject to change without prior notice. You are advised to contact our representative to check on the latest update.

*Choose the best call plan to match your Ring2Teams package.
Custom call plans are available for specific requirements.*
